

## Aircraft Charter

...Individual solutions for urgent, oversize or sensitive cargo Transportation!

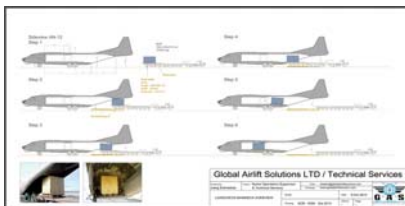

..when regular scheduled service does not meet your requirements..

Global Airlift Solutions offers any type of aircraft charter operation; from flight diversions to part of full charter. Our carrier options begin with small helicopters, turbo-props, business & cargo jets, narrow or wide body aircrafts, and includes the biggest cargo plane on the market, the Antonov 225.

Our team includes professional experts in freight forwarding and logistics that will work with you around the clock, 7 days per week, any day of the year, to provide you with personalized, professional and reliable suggestions to meet your demands.

Our expanding network with offices in the US, Europe and China, supports all industrial verticals and will grant you access to the markets of the world.
